INFALLIBLE YEAST POWDERS.

Scientific men, who thoroughly understand the subject, concur with great unanimity in saying that nothing exerts such a deleterious influence against health as bad bread. The remedy is at hand in SIMPSON'S INFALLIBLE YEAST POWDERS, the value of which is thus certified:

RALEIGH, Aug. 24, 1866.

I have tested the Yeast Powders you manufacture and can recommend them as vastly superior to any other ever used by me. In addition to the lightness and sweetness of the bread, the powders are economical, as one-third the lard usually required will answer in the making of either loaf bread or biscuit. For pastries and cakes they are excellent.

VIRGINIA A. ORR.

The price of these powders per package is 25 cts. or 75 cts. per pound. To be had at Wm. Simpson's Confectionary Store, Fayetteville Street, Raleigh, N. C.

RALEIGH, Aug. 23, 1866.

This is to certify that I have used Mr. Simpson's Yeast Powders and find them to be superior to any I have ever used. After trying them *once* no housekeeper will be satisfied without them.

Mrs. S. D. HARRISON.

RALEIGH, Aug. 23, 1866.

I have tried Mr. Wm. Simpson's Yeast Powders and find them very good. L. M. TUCKER.

THIS School will open the Second Monday in January, in the large and commodious buildings formerly occupied by Dr. Deems.

The Principal has associated with him Professor AVERETT and LADY, of Halifax County, Virginia.

Professor AVERETT is a graduate of the University of Virginia. He is a teacher of many years experience—was Professor of Mathematics in the Danville Female College until he resigned his position to take his place in the Confederate army. He is known to be a ripe scholar and an accomplished gentleman.—Mrs. AVERETT is also well known, both in Virginia and North Carolina, as a successful teacher, in both the Literary and Music Departments of the best Female Schools.

In a word, the Principal has resolved to make this School all that it professes to be, viz: a High School of the first grade. In order to this, he has employed only such teachers as are known to be accomplished scholars, and who have established a reputation as successful instructors.

The number of pupils will not hereafter be limited; and additional teachers will be employed so soon as the patronage will justify it.

The Music Department will be committed to Mrs. AVERETT, who will be assisted by Mrs. A. [illegible]

All the teachers will reside in the College Buildings. Young ladies can obtain board with the Principal, and boys can secure board with private families in the town.

The session will comprise twenty weeks. The terms per session will be—

Tuesday Evening, Dec. 18, 1866.

The Territorial Bill.

The New York *Tribune* has the following history of the territorializing proposition before Congress:

"The bill reported by Mr. Stevens, providing for a city government for the state of North Carolina, was carefully prepared by the Union delegation from North Carolina, now here, headed by Gov. Holden and Mr. Pool. They assert that unless Congress adopts some such legislation, there is little if any hope of securing the loyal people in the "old North State" a republican form of government. The present pretended government is in the hands of rebel and rebel sympathizers. All of the federal office-holders are of the same class. It seems each of the southern states has its particular plan of restoration. Pool and Holden have the North Carolina plan. Durant and Hahn, of Louisiana, have their plan; Sherwood and Hamilton have still a different plan from Texas, and so on with the other States. All matters relating to this subject will be referred to the committee on reconstruction, and one general bill for all the States concerned will be prepared. Mr. Stevens will present his old bill of last session, which proposes reducing the States to territories. It will be modified to suit the times, and will undoubtedly be adopted as the base upon which the Southern States will be required to resume their relations with the Government."

According to the *Tribune*, the bill presented by Mr. Stevens, providing for a civil government for the *State* of North Carolina was prepared by the Union delegation from North Carolina, headed by Gov. Holden and Mr. Pool.—We regret that the *Tribune*, or some one else, does not give the names of the *entire* "Union delegation." We have heard the names of R. P. Dick and Thomas Settle, Esqs., connected with that delegation, but we do not believe that those gentlemen would allow their names to be thus used. For their sake, we hope, we are not mistaken.

The *Tribune* says, that this 'Union delegation' assert that unless Congress adopts some such legislation there is little, if any, hope of securing the loyal people of the "Old North State," a republican form of Government. This idea is incorporated in the bill. Can any one tell us what Mr. Stevens means by a republican form of Government? Has not North Carolina already a republican form of government? Is it not far more republican than the new government proposed? Is it not better administered than it can be under the new *regime*? Do not the majority in the State control it in accordance with the Constitution of the United States? This may be the opinion of the "Union delegation," but are they the wisest and best men in the State? Are they more truly *loyal*, than three fourths of the people of the State? We think not.

The assertion that all the State and Federal officers in this State are rebels or rebel sympathizers, if it is meant that they are all disloyal to the United States government, is grossly false. Many of the Federal office-holders are stout Radicals, while all of them we presume can take the oath prescribed in the new bill to admit such latter-day saints, as Mr. Holden and Mr. Pool.

Geological Survey.

It cannot be doubted that the employment of a thoroughly competent Geologist for the survey of this State, has been of incalculable benefit in stimulating the enterprise of our people in Agriculture and Mining. Prof. Emmons labored earnestly and successfully in this enterprise for a number of years, and generations yet to come will reap benefits from his labors.

Upon the accession of Gov. Worth to office, he found the office of State Geologist vacated by the death of Prof. Emmons, and the Legislature having failed to appoint a successor, Gov. Worth with the advice of his Council, appointed Prof. Kerr to fill the vacancy. As soon as he could make the necessary arrangements, he immediately entered upon his work in Cherokee County. As the Western portion of the State had not been explored, he felt it his first duty to begin there. His investigations have developed immense treasures in that section.

In Cherokee he found immense beds of hermitite iron ore. He thinks Cherokee has as much iron in it as any other ten counties in the State. He says there is a gold belt running entirely across the county of Cherokee, for 40 or 50 miles. Portions of this may be rich. He found gold also in the southern part of Jackson. In Mitchell and Yancey there are immense beds of magnetic iron ore. This is of a superior quality, and is the largest bed in the United States. In view of the agricultural interests of the State, he considers the belts of limestone in the West of immense value. There are three or four of these belts running diagonally from Northeast to Southwest. From the Yadkin and Catawba valleys to the Tennessee line, most of the counties contain the best quality of lime.

Mr. Kerr will be prepared to present the report of his operations at the adjourned session of the Legislature. We have no doubt it will be highly interesting and important.

A WARNING.—The soldier who was guilty of outrage and violence at the Postoffice, a few nights since, was upon a representation of the facts to Gen. Carr, very promptly arrested, tried and convicted.

His sentence is "confinement in charge of the guard for four weeks. The first and last week in solitary confinement on bread and water, and the other two at hard labor, and to forfeit fifteen dollars."

We are glad to see this. The rush and pushing and scrambling at the Postoffice, at the opening of the mail in the evening, is unnecessary, and should be suppressed. Damage is done, glass broken, &c., to no good purpose.—Five minutes time would enable every one to go up quietly without being crowded or pushed about, get his mail and go away with it without inconvenience to himself or to any other person.

We hope better order will in future be observed there.

N. C. Rail Road Meeting.

We have heretofore stated that the failure of the State Proxy, to attend the meeting of the Stockholders of the N. C. R. R. on Tuesday last, prevented the transaction of the business for which it was called. There was a strong anxiety to effect some important changes in the management of the road. This proposition we understand called forth some debate *pro* and *con*.

The following is the memorial drawn up by a Committee and presented to the Legislature. The bill drawn up and presented is in accordance with the Memorial. As this is a matter of general interest we lay the Memorial before our readers:

MEMORIAL.

To the Honorable the General Assembly of the State of North Carolina:

The undersigned Memorialists in behalf of the North Carolina Rail Road Company would represent, that at a regular annual meeting of the stockholders of said Company, held at Hillsboro', on the twelfth day of July, 1866, they were appointed a Committee to revise the By-Laws and Regulations of said Company, and to apply to the Legislature for such amendments to the Charter as they might deem necessary for the successful management of the Road.

In the course of their investigations, the Committee became deeply impressed with the importance of effecting a radical change in the organization of the Company.

The Committee having unanimously agreed upon certain changes which they deem advisable, recommended the adoption of the same to a called meeting of the stockholders, held in Raleigh on the 12th instant.

At this meeting, although a majority of the individual stock was represented, in consequence of the absence of the State's Proxy, no legal action could be had; but the individual stockholders, composed of prominent and influential men from different sections of the State, cordially adopted the recommendation of the Committee, and instructed them to go forward and urge the adoption of the same by the Legislature. These alterations consist chiefly in the reduction of the number of Directors, and the manner of their appointment. Under the present Charter, the Company is managed by a Board of twelve Directors, eight of whom are annually appointed by the Governor of the State, by and with the advice and consent of his Council, and four are elected by the individual stockholders at their annual meeting. This large majority on the part of the State, virtually give the Governor, for the time being, the control of the Road, and discourages individual stockholders from attempting to remedy existing evils, by any changes they might be able to make in choosing the four Directors which they are at present authorized to elect; and the Governor, from the nature of his engagements, however much disposed, is utterly unable to make the best appointments, and after these appointments are made, whether wisely or unwisely, the history of the past, warrants the assertion, that little hope can be entertained of their being permanent.

Owing to these frequent changes, the Company can adopt no fixed and permanent policy; and instability has consequently marked the government of the Road from its commencement.

A reduction in the whole number of Directors is recommended, with a view that each member of the board may feel more directly his responsibility in the management of the Road.

They, therefore, propose to reduce the whole number of Directors to nine, three of whom shall be appointed by the State, and six by the individual stockholders.

This policy would throw upon the individual stockholders the responsibility for the government of the Road, and by thus stimulating their private interest, it is believed would ensure a better and more successful management of the affairs of the Company. Experience in other States has shown the correctness of these views, and all experience has proved that a divided responsibility between the State and individuals, in such matters has uniformly worked injuriously to both interests.

The sole object of your memorialists being to secure such management as will guarantee to the stockholders a dividend, and enhance the value of the stock of the Company, they cannot see anything in this policy to injure the interests of the State.

The Committee further recommended that in conformity with these views, the Charter shall be so amended as to provide that the Proxy of the State shall in all general meetings of the stockholders, be entitled to cast a vote equal to one-third of the whole number of votes to which the individual stockholders in such meeting shall be entitled.

The Committee further recommend that it be provided in the Charter that no person shall be qualified to act as a Director on the part of the State or of the individual stockholders, who is not at the time of his appointment or election, the holder of at least twenty shares of stock in said Company. The reason of this change is so obvious as merely to require the attention of the Legislature to be called to it. No person who has not some decided pecuniary interest in the Company, will be willing to devote sufficient of his time and attention to the details of its management, for the mere pittance of his *per diem* or the privilege of riding free over the Roads.

The Committee would call the attention of the Legislature also, to the mode of taxation at present provided. By the amended Charter, whenever the profits of the Company shall exceed six per centum per annum, the State has the privilege of taxing the real estate and other property of the Company. By the general revenue law, the counties and towns have the right of taxing whatever property the State has taxed in the same proportion. The State owns three-fourths of the stock in this Company, and it is evident, whenever she exercises the right of taxation, the same right can be exercised by the Counties, towns, and the State contributes three-fourths of these taxes. This is manifestly unintentional and injurious to the interests of the State, and for that reason, if for no other, should be altered. The Committee propose as a substitute for this mode of taxation, to tax the dividends on the stock of individual stockholders, in the same manner and to the same extent as the State taxes interest on money loaned, and to exempt the stock and all other property of the corporation from taxation.

The Committee also propose that the mode of serving process against said Company be altered so as to make it conform to the general law on this subject, that is, that such process shall be served on the President, Treasurer, Secretary or some Director in said Company.

In conformity with these views, the Committee has prepared a bill which they herewith submit, embodying the same, and beg if this, as a whole, shall not meet their approbation, the Legislature would pass an act incorporating such of these provisions as they may think proper, to be submitted to the stockholders for their approval.

GEO. W. MORDECAI,
RUFUS BARRINGER,
WM. A. CALDWELL.

Among the Speakers on the discussion of the resolution above referred, was Hon. Josiah Turner, jr., one of the Directors on the part of the State. At his special request we insert his speech on the occasion. Our columns are open to all the parties in the discussion. Having had no reporter at the meeting, we are not prepared to give the proceedings or the discussion, but as the matter is one of public interest, those interested can spread their views before the public.

Mr. Hall, a bill to amend an act to incorporate the Military Academy at Hillsboro. Referred to the committee on Education.

Mr. Thompson, a bill to change the name of Wayne Female College to that of the Goldsboro Female College. Referred to the committee on Corporations.

On motion of Mr. McLean the rules were suspended, and the bill to incorporate the Newbern Steam Fire Engine Company was taken up and passed.

Mr. Harris, of Rutherford, arose to a personal explanation in regard to his trip to Washington. He stated that it was not the object of his friends or himself to overthrow any civil government, but to displace the present military government which we are under and establish a civil government in its stead. That he endorsed the bill as published in the *Standard* this morning with the exception of the clause relative to negro suffrage. He made this statement, because he feared that the evidence he gave before the Judiciary committee might be misconstrued.

UNFINISHED BUSINESS.

The bill to enable the stockholders of the Fayetteville or Western Rail Road Company to complete their road, was taken up and an amendment offered by Mr. Adams was adopted. Mr. Wilson moved to postpone its further consideration until the 22d. of Jan., next. Messrs. Hall, McLean and Avery, opposed it and the motion was lost. Mr. Wilson offered an amendment, the ayes and nays were called and the amendment was adopted by a vote of 31 ayes, to 14 nays. Mr. Wilson offered another amendment proposing to fix the rate of interest, adopted. Mr. Moore offered an amendment which was rejected. The bill was discussed at considerable length, Messrs. Adams, Avery, Hall and McLean, urging its passage, and Messrs. Wilson, Wiggins, Speed and Berry, opposing it. Before coming to a vote, on motion of Mr. Moore, the Senate adjourned until to-night at 7½ o'clock.

HOUSE OF COMMONS.

TUESDAY, Dec. 8th 1866.

Mr. Waugh, from the Committee on Propositions and Grievances, reported a resolution for the relief of the poor of Stanly County.

Mr. McClammy, for the committee on Private Bills, reported a bill to permit the people of Currituck county to elect Commissioners of Wrecks.

RESOLUTIONS.

By Mr. Morrisett, a resolution that no new bills be introduced prior to the recess of the General Assembly. Lies over one day.

By Mr. Davis, a joint resolution to raise a commission to inquire into alleged mismanagement of the affairs of the North Carolina Railroad Company. Adopted.

By Mr. Shelton, a resolution looking to a reduction of salaries and fees of public officers.—Referred.

BILLS.

By Mr. Black, a bill to grant the aid of the State of North Carolina to the Cheraw and Coalfields Railroad Company.

By Mr. Lowe, a bill to amend an act entitled an act to regulate salaries and Fees.

[This bill proposes to repeal so much of the act recited, as allows county and Superior Court Clerks and Clerks and Masters in Equity, fifty per cent in addition to the fees allowed in chapter 102 of the Revised Code.]

The rules were suspended, on motion of Mr. Lowe, and the bill passed its second reading.—After some discussion in which Messrs. Black, Crawford, of Rowan, and Richardson opposed the bill and Messrs. Lowe and Russ defended it, it was referred to the Finance committee, on motion of Mr. Crawford, of Rowan.

Mr. Waugh rose to a question of priviledge, and requested the Clerk to read from the *Standard* of the 18th inst., an article, entitled "THE INSOLENCE OF TREASON," animadverting upon the action of the House in summoning Mr. Blythe and others before a committee of the House to give evidence relative to alleged persecution of Union men.

Mr. Waugh stated that Mr. Blythe (in the discussion of the resolutions introduced by Mr. Russ, asserting the loyalty of the State and denying that Union men were persecuted,) said he could not vote for the resolutions because they were untrue. With a view to punishing these persecutors of Union men, if such there were, he had introduced a resolution requesting an investigation. For this he and those who acted with him were now assailed and denounced as disloyalists who were attempting to intimidate and brow-beat Union men. He was willing to compare records with the editor of the *Standard* as a Union man. For one he did not believe that Union men had been persecuted at all, and the investigation had confirmed this belief. He regretted exceedingly the state of feeling that existed, a condition of things for which he was not responsible. He would not pursue the subject further.

[The remarks of Mr. Waugh were followed by Messrs. Hodnett, Jenkins, of Gaston, Mr. Davis, of Franklin and Mr. Blythe, whose remarks we are compelled to omit until to-morrow.]

SPECIAL ORDER.

The special order being a bill to change the jurisdiction of the courts and the rules of pleading therein, reported from the Relief Committee, was put on its second reading.

Mr. Moore, of Hertford, explained the provisions of the bill at length, and at the close of his remarks, the bill was referred, on motion of Mr. Richardson to the Committee on the Judiciary.

The Senate by message refused to concur in the resolution passed by the House this morning to raise a commission to investigate the affairs of the N. C. Railroad Company.

An engrossed bill to amend the charter of the town of Morganton, had its first reading.

ON CALENDAR.

A bill to extend the corporate limits of the town of Wilson, and a bill to incorporate the town of Marshall passed their several readings.

An engrossed bill to extend the corporate limits of the town of Elizabeth City was laid on the table, on motion of Mr. Latham, of Washington.

A bill to amend the charter of the Oceanic Hook and Ladder Company of the town of Beaufort, passed its several readings.

A bill to raise Revenue was laid on the table.

On motion of Mr. Waugh the vote was reconsidered by which the House laid on the table, on yesterday, the bill to allow fees to Justices of the Peace in certain cases. The bill after discussion, in which several gentlemen took part, passed its second reading. Mr. Holderby, in order to explain his vote, requests us to state his position. He said a day or two since he moved to table this bill, believing it allowed magistrates fees in civil as well as in State cases. In this he was mistaken. He had always thought that those who danced should pay the fiddler, and if he should knock his neighbor down it was but sheer justice that he should pay the magistrate who had to neglect his business in order to try the case, and recognize him to appear at Court. He should therefore support the bill.

On motion, the House adjourned.

Dear Sentinel:—At any of the freaks of the printer's "Devil" we should not be surprised—but to the credit of his *Satanic Majesty*—he has brought the papers to hand all right. But what shall we say of the Reporter? *He has failed!*

We would call your attention to the proceedings of the House of Commons on the 17th.—House Bill No. 118 was brought up, and on motion, referred to the committee on the Judiciary. On which question the ayes and *noes* were called and recorded.

Give the action of the House on this Bill in full. All we want. Yours in a hout.

COM.

We cheerfully insert this at the request of the party aggrieved, but the better way to correct omissions of a reporter, is to call his attention to the omission, as soon as it is done. It is our desire that all proceedings of any importance either to the public or to the members, should be promptly reported, and we have always found our reporters ready to correct any omissions made.—EDITOR.

The high grade of scholarship formerly required is still maintained. We have a full Chemical and Philosophical Apparatus for the illustration of the subjects taught.

The location of the College is unsurpassed for health and geniality. It is situated midway between the mountains and the seaboard; and during a career of thirty-three years, and with thousands of young men in attendance, there has never been a death arising from *malaria* or other local cause. We profess to educate young men not only mentally and morally but *physically* also.

BOARD IS SIXTEEN DOLLARS PER MONTH.

Tuition from $40 to $90, according to the number of schools attended. $250 will cover expenses of board, tickets for three schools, matriculation and contingent fees for ten months.

Rooms in the College free of charge, but the student provides his own furnitnre, fuel and lights.—Young men who are preparing for the ministry and those *disabled by the late war* who are unable to pay their tuition, will be allowed to attend any or all of the schools free of charge.

This College is situated near Boydton, the county seat of Mecklenburg county, Va.

Arrangements are made to transport students from Ridgway Depot, on the Raleigh and Weldon Railroad, whilst a conveyance leaves Roanoke station on the Richmond and Danville Railroad, on Mondays, Wednesdays and Fridays, and the Wolf Trap Depot, on the same road, Tuesdays, Thursdays and Saturdays.

We solicit a liberal patronage from Maryland, Virginia and North Carolina, from the West, South and Southwest.

Students will be received at any time. The second term will commence on the 6th. day of February next. Young men will be received and prepared for the College proper.

For further particulars address the undersigned at Boydton, Mecklenburg county, Va.

THE SENTINEL.

Tuesday Evening, Dec. 18, 1866.

REMARKS OF

MR. TURNER, OF ORANGE,

In the meeting of the Stockholders of the North Carolina Railroad Company, upon the resolution asking that the State have three and the Stockholders six Directors. As the charter now stands, the State has eight and the Stockholders four Directors.

Mr. Turner said:—It needs, Mr. Chairman, no apology for what I am about to say! The remarks which have fallen from other gentlemen will justify all that I shall say in reply.

When Sidney Smith spoke at the great Taunton reform meeting, he said he knew a laborer who, by industry and economy, had acquired a handsome fortune, notwithstanding, he had been, all his life, subject to violent pains in the stomach. He supposes the laborer to call in a physician, who instead of relieving the pain, expresses his astonishment that the patient should desire to get clear of his pains, after growing so rich and prosperous with them.—The patient replies that his pains had not helped him to grow rich, but he was rich in despite of them.

Now sir, I admit this corporation has pains in the stomach. Every Stockholder feels it, and the State feels it too.

While I confess to the pain, I will not confess to the causes which produce it, as stated by my friend, Gen. Barringer and others, who have addressed the meeting. Now that we stand upon the verge of bankruptcy and ruin by reason of our own indifference, neglect and bad management, instead of facing the difficulty like men, instead of correcting our errors and abuses, gentlemen are looking out for a scape-goat, and they have found him in the person of the State.

Instead of attributing our pain in the stomach to its true cause, gentlemen attribute it to the failure of the State to co-operate with the Stockholders in the conduct of the Road. I appeal to the history of the Road to contradict this unfounded assumption and assertion. It is neither generous nor just to shield ourselves by censuring the State.

In 1852 the Legislature gave you what you now ask, to wit: the control of the Road. At the first meeting of the Stockholders after this liberal surrender on the part of the State, you rejected it. You refused to take what *you now ask to be given you.* I need not say I favored it then, upon what I thought to be sound principle.

Your reasons for rejecting it, I need not give, for they were both political and pernicious.—Gentlemen now deprecate the appearance of party influence in the conduct of the Company's affairs, and well they may. The spirit of party has always shown itself in the affairs of the corporation and it always will, whether it be conducted by the State or the Stockholders; unless we can somewhere find the power to change man's mean appetites and passions.

In 1848 when the Company was organized, Stockholders were to pay one million and the State two millions. The State paid money, the Stockholders did not. They paid in work at such liberal prices, as to make the road cost one million more than the original estimate; so we may say the large Stockholders who paid their subscription of stock in work, instead of money, hold their stock without having paid a dime for it.

After paying the Stockholders such liberal prices for work, the State was called on for one million of dollars more to complete the road.—She willingly answered the call and paid out a third million. Three millions would have built the Road, but it cost four millions. The Stockholders and contractors for work getting the fourth million in the way of stock.

In other words, there was a million given in the way of bounty to those who would do work on the road.

Is this the State interference and influence of which gentlemen complain? From the day of Gov. Reid's election in 1850 to the present day, a period of sixteen years, this Road has been as it is now, under the full, complete and entire control of the Stockholders, their Presidents, Superintendents and Directors. The policy, system and workings of the Road have been the policy, system and workings of the Stockholders, as expressed through their Presidents. We have never had but one President (Mr. Boyden) who was not the choice of the Stockholders, as expressed through their Directors. We need reform, we must have reform in the administration of the Company's affairs. We cannot stand at what we are at. We must sink still lower or rise from our present low condition. We must get better or grow worse. Our pain in the stomach is not produced by eating green apples thrown us by the State. The State has fed us upon ripe delicious fruit. In fact, we have chosen what kind of fruit we would eat, and the State has been prodigal in providing it. A little self-examination, Mr. Chairman, would soon lead us to understand why we now have pains in our corporate stomach. But self-examination is never pleasant—even to the christian man, however necessary it may be to keep him in the holy way.

I now propose, with the approbation of the meeting, to indulge a little in the unpleasant duty of self-examination. I may be pardoned, but not contradicted for saying we want order and system in the management of our affairs. Our system has been one wide sea of extravagant expenditure and waste, without chart, compass or accountability. Last year, without paying the interest on our debt, we spent, as far as ascertained, one million three hundred thousand dollars. An observing Director thinks when all is told, the expenditure for the year will reach one million five hundred thousand dollars.

Amid our many labors and duties, we keep tavern and have a store; what our tavern house cost, we do not know. What keeping the house has cost us we do not know, for we kept no books or accounts until August last. From August up to this date, our tavern keeping has cost us two thousand dollars. Our store is kept upon the principle of our Hotel. As the Hotel has no register, we do not know who goes or comes. As the Store has no day book, cash book or journal, we do not know our losses; we have no gains.

This much we do know, that thirty, forty and even fifty, thousand dollars of goods, in the articles of corn and provisions, iron, spikes, oil, &c., are annually placed in the store. Our clerk keeps no books or accounts; he only keeps store, with no other check upon him than his honesty. His goods are dealt out, it is true, to the hands in the employment of the Company, but that is no reason why he should be without books, accounts or accountability.

During the war our then Superintendent is said to have made his thousands by high speculation. I know some of our conductors were engaged in the same business. I never heard they speculated with any other than their own funds. To-day, accounts are presented for payment for lumber bought during Mr. Fisher's administration in in 1856. To-day payment is demanded for 23 bags of cotton which were stolen from one person in 1863. Our loss from stealage is immense. We are complained of and sued for stolen tobacco, stolen cotton and stolen goods of every kind. We are sued and complained of for burning and maiming men and women in our cars. One blow up and burning was not sufficient to make us sweep the cars and clean them of the powder which we had transported for the army. Two cars were thus blown up before we would sweep them. I might here stop, and rely upon these facts to show that our system is as I have stated, one wide sea of extravagant expenditure and waste, but as this is a reform meeting of the Stockholders, seeking to be relieved of pain in the stomach, I will mention one other most astonishing and painful fact. We have had an agent (Charles Parmento) in New York ever since last May, spending money hand over fist. Who authorized him to spend our money we are not able to find out. The President (Mr. Boyden) says he did not appoint him agent for the Company. The Superintendent, Mr. Wilkes, says he did not appoint him, but Mr. Parmento is "home-again" at last. He has just returned. I hope he will be able to give us a more intelligible account of how he spent our money, than our officials are able to give us to how he got his appointment.

I must say this for Mr. Boyden, he accepted the Presidency of the road with the declaration that he did not desire it, and would not give to its duties his undivided attention. He left the road informing us he had kept his promise. In this we seem to have endorsed Mr. Boyden's administration. We have made his Superintendent, Mr. Wilkes, our Superintendent, and he has had the main management of the road, State Directors and Directors of the Stockholders uniting to elect him.

I have said more, Mr. Chairman, than I intended; much perhaps that was not pleasant for some to hear. I need not say offence was intended to none, and though I confess to having said more than I intended, I have by no means exhausted the subject.

FIRE AT MORGANTON, N. C.—We regret to learn that a disastrous fire occurred at Morganton, on Wednesday last, which resulted in the destruction of the building formerly known as the Smith Hotel, the brick store of Maj. Jas. C. Smyth of this city, and other adjacent buildings. The whole loss is estimated at $25,000. Mr. E. S. Walton is said to be the heaviest loser. We have not heard whether the property was covered by any insurance to any extent or not. We deeply sympathize with our friends in their sad misfortune and loss.—*Sal. Banner.*

Our Tuesday Morning Dispatches.

Washington Matters.

WASHINGTON, Dec. 16.

Gossip at Foreign legations, in this city, gives the following complexion of Mexican affairs and complications: The statement may be regarded as official that Maximillian will remain in Mexico until he can make a dignified transfer of power. Napolean stipulated with Maximillian and not with the Federal authorities regarding the withdrawal of the troops. Ten thousand French have been quietly withdrawn, leaving but fifteen thousand who will follow at a suitable season before April.

Beenthmy, whose mother is a Pennsylvanian, will relieve Montholon, the French Minister, on Tuesday. Mr. Seward's correspondence excites considerable indignation at the French legation.

Gov. Worth, Judge Ruffin and Ex. Gov. Swain, from North Carolina, arrived here last night, and will confer, to morrow, with the President on Gen. Sickle's order prohibiting corporal punishment.

The District House committee have perfected a bill repealing the charters of Washington and Georgetown. Substituting a Federal Commissioner who shall appoint municipal functionaries.

The Territorial committee, having Julian's bill under consideration, are modifying it more liberally as to voters and candidates, assimilating it to Steven's bill for North Carolina.

Hon. E. M. Bruce, of Kentucky, died very suddenly yesterday at the Southern Hotel, New York. Hundreds of Confederate soldiers, penniless at Augusta, on their way from Greensboro' will remember his open hand in freely dispensing to them the gold necessary to reach their homes.

The dismissal of the ladies from the Treasury is postponed till February. They are fighting patiently for their places, and will doubtles retain them. They number nearly one thousand.

Congressional.

WASHINGTON, Dec. 17.

In the House, Mr. E. B. Washburne offered the following resolution:

Resolved, That the committee on the riot in New Orleans be directed to investigate the alleged frauds in the New Orleans Custom House, and report fully to this House.

In the Senate, Mr. Sumner presented the proceedings of an unconditional Union mass meeting at Norfolk, composed of citizens without regard to color and asking Congress to ignore the present State government of Virginia, and to establish a territorial government under Judge Underwood, and asked that it be referred to the committee on reconstruction. Mr. Salisbury objected to the reception of the paper on the ground that it was simply the proceedings of a public meeting, and not in the form of a petition. He asked its non reception on the ground of a precedent already established by the Senate not to receive such papers. The Chairman put the question, and it was decided to receive the paper.

Mr. Wade presented the petition of citizens of Alexandria, praying for the retrocession of that county to the city of Columbia, on the ground that no protection can be obtained under the laws of Virginia. Laid on the table.

An animated discussion in the Senate on the repeal of the 13th section of the amnesty law which authorized the President to pardon.

Senator Trumbull contended that the President has power under the Constitution to pardon before conviction, as pardon is of offence not of conviction, sustaining his position by English and American authorities. He claims that its repeal will not affect the President's power to restore property.

Mr. Sumner introduced a bill to punish people who induce negroes to emigrate under false representations.

Mr. Wilson presented a resolution calling on the Secretary of War for detailed reports from the Commissioners of the Freedmen's Bureau.

The repeal of the 12th section of the act to repress the rebellion elicited warm debate.

Mr. Johnson instanced Washington's amnesty to the whiskey insurrectionists.

In the house Mr. Harding introduced a resolution which passed, declaring that Congress will give aid and encouragement to the Executive in its efforts in aiding powers battling for Constitutional liberty, and that this House approves the public voice regarding Mexico.

Mr. Moulton introduced a resolution instructing the reconstruction committee to enquire into the expediency of allowing the loyal citizens of the late rebellious States to form State governments.

Mr. Dawes offered a resolution extending the powers of the North Carolina Committee to enquire into the case of Henry Miller, confined in the Waterboro S. C. jail, under sentence of death for alleged desertion from the Confederate army, and acting as a spy for Sherman during the war. He said there were many similar cases in the South.

A New and Grand Epoch in Medicine!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggil's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggiel's Salve. In fact, it is announced that **Maggiel's Bilious, Dyspeptic and Diarrhœa Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 11 Pine St., New York, and all Druggists, at 25 cts. per box.

OPINIONS OF THE PRESS.

The Louisville *Journal* says: "The testimonials which Dr. Gardner presents to the public could never have been obtained, except by the display of great skill and learning in his profession. One thing especially commendable in the Doctor's practice is, that he will not attempt an incurable disease for the sake of a fee, but frankly tells the patient whether he can be cured or not. We cheerfully recommend Dr. Gardner to the attention of all our friends who may be suffering from diseases of the eye or ear.

The Richmond *Times* says: We have no hesitation in saying that Dr. Gardner is the most scientific and successful eye and ear Surgeon in this country.

"We feel justified in recommending Doctor Gardner to those suffering from diseases of the eye and ear."—*Richmond Whig.*

The Wheeling *Register* says: "Dr. Gardner is one of the most successful Oculists and Aurists in the country. We advise those suffering from the diseases of the eye and ear to consult him."

SOMETHING NEW UNDER THE SUN.

A New Era In Medicine

☞ Let the Suffering and Diseased read the following.

☞ Let all who have been given up by Doctor and spoken of as incurable, read the following.

☞ Let all who can believe facts and can have faith in evidence, read the following:

Know all men by these presents, That on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-six, personally came Joseph Haydock to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGIEL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SMEITER,
L. S. Notary Public,
Wall Street, New York.

June 1, 1866.

DR. MAGGIEL:—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, Doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS,
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Maggiel's Pills.

WILSON HARVEY,
New York, April 7, 1865. 37 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggiel's Salve, and it cured me in a few weeks. This is all true, and any body can now see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY,
119 Goerick Street.

Extract from Various Letters:

"I had no appetite; Maggiel's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Maggiel has cured my headache that was chronic."

"I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Maggiel's Salve cured me of noises in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes; I want one for a poor family."

"I enclose a dollar; your price is twenty-five cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills."

"Let me have three boxes of your Salve by return mail."

I have over 200 such Testimonals.

As this, but want of space compels me to conclude
J. MAGGIEL, M. D.

P. F. PESCUD AGENT FOR RALEIGH, FOR MAGGIEL'S PILLS AND SALVE.

One tract containing about 437 acres, adjoining the first mentioned tract on the North, and that of Luke Lancaster on the South. This tract has also some improvements in the way of Negro Cabins, Corn Cribs, &c., and is in fine condition for a crop next year, for eight or ten hands. One other tract adjacent to the Grove Hill and Arcola road, adjoining the last mentioned tract on the Northeast, and containing about 800 acres. This tract has no improvements and no cleared land, but is in original growth, well timbered and watered, and is one of the best tracts in Warren County.

One tract known as "Melton's Creek" tract, adjoining the lands of Gen. Samuel A. Williams and Dr. Mark P. Perry, containing, by estimation, 585 acres, about 100 of which is fine low grounds on Melton's Creek. This tract has no improvements, but could easily be put in a condition for cultivation, and is remarkably well adapted to the growth of Cotton, Tobacco and Corn.

This tract contains 82 acres by estimation, and is well suited to the growth of Cotton, Tobacco, Wheat and Corn. The Subscriber will take pleasure in showing the land to any person who may wish to examine it.
